# LET'S TESTIFY

by Deacon Danielle Brown

Back when we started the 31 Days of Declarations, I made up in my mind I would stick this out all the way. Little did I know me and my whole family would contract COVID. In the midst of declaring and showing up, God was preparing me for this fight. Me and my family are healed from COVID.

Mentally, I came out stronger than when going in. I have a new level of peace and desire to seek the Lord for those things which He desires out of me. Things that I normally would have fought constantly became smaller like health anxiety. God used these declarations to pull me further into knowing His word, speaking His word and faithing my way through it.

I will continue to build on my declarations until it becomes a book of it's own. This will be passed from generations to generations because it not only prepared me, it shifted my heart and my mind.

**They shall abundantly  
utter the memory of  
thy great goodness,  
and shall sing of thy  
righteousness.**

**Psalm 145:7**

# LET'S TESTIFY

by Elder Prophetess Wanda James

This is a lengthy Testimony of purchasing my new car. I needed a vehicle because of my old truck was on it's last leg. I needed a transmission and there were numerous of things that were beginning to need repair. The repairs were major. I began to inquire of the Lord on the type of vehicle that I should purchase. God instructions to me was very simple, but specific. God told me to NOT go to any car dealer for 40 hours (5 days), He stated that he had to put people in place. It was ok to look on the internet to see what kind of car I like or wanted. the 40 hours passed, I asked my oldest son to go with me to look at some cars. On Tuesday, November 17 we arrived at this small car dealership. We began to look around the lot. The salesman was extremely friendly and nice. We drove a Nissan Murano. The car had an unusual color. As we step inside the office to do the paperwork. I discovered that the Nissan Murano was out of my price range. I explained to the salesman, the specific amount I was willing to pay on a monthly basis.

The salesman began to show me some other vehicles mostly SUV's. There was a 2011 Toyota Rav. It had very low miles and I loved the way it drove. We do the paperwork. This is the UNUSUAL - I did not have to make a down payment. They gave me very little for my truck that I traded in. The payments would be exactly what I asked for. They were very accommodating. I completed the paperwork and my son and I headed out the door to drive Toyota Rav4.

Immediately the devil did his UNUSUAL.....As we drove to my house, I see a couple of roaches. The devil always try to imitate God. My son figured maybe the car was sitting for a while. We sprayed the car and I went to the car wash and vacuum out the car. Everything seem fine. I take the car to one of my prayer intercessor and have her pray over the car, I immediately see another (roach). Alarm goes off in my head. I proceed to my job and my co-workers are looking and admiring my Toyota Rav4. Later on in the day, I go to check the car and I see baby roaches. By this time, my flesh is crawling and I get on the phone and call the dealership. The receptionist asks me "What Is The Problem?" I tell her what is inside the vehicle. She is so shocked, she immediately gets a hold of the owner of the dealership. He asks me to drive the car back to them. I tell them "I will not drive the vehicle, because I did not want any bugs or roaches crawling on me while I'm driving for myself, and other people. He tells me to bring the car in the morning. God was dealing with his heart. He immediately called me back and said they would send someone to my job and bring me a (LOANER).

They bomb the car and I was scheduled to pick up the car on Thursday. I returned to the dealership. Everyone at the company was apologetic and embarrassed especially the owner of the dealership and my salesman. No one had ever heard of (roaches being in car). I open up the car door and immediately I see a baby roach. I head back inside of the dealership. The salesman comes out to inspect the vehicle. He apologizes and states that they will have to take up the rugs and bomb the car again. Once again I have the (LOANER). The week of Thanksgiving the salesman sends me pictures of how they took the carpet up and bomb the car. On Black Friday, they call and say the vehicle is ready. They bring me the car to my job, they are very apologetic again, still stating that they have never had anything like that to happen. I return to work and I show a co-worker my purchased vehicle. As I was returning to my work area. God spoke, "Go Look Inside The Car." As soon as I open up the door, I saw a ROACH. By this time I was angry, I started calling my son and the prayer warriors to pray.

Meanwhile, everyone had their opinion on what I should do, how I should demand the company to comply and accommodate me. I did not do any of those suggestions. I began to text the salesman and the manager, and the owner - I did not want the vehicle and would like to look for something else. As soon as I arrive at the dealership, they handed me the keys to the LOANER that I had been driving for the past week and half. I called my best friend, and she began praying for me, By this time, I was in the FLESH!!! Yes, I was livid. I was not thinking straight. I was thinking that the dealership (men) were trying to get over on me as being a woman. My son was very upset, he kept calling the salesman letting them know how inconvenient I was, not having a vehicle.

The salesman told me to return on Monday and look at some other vehicles that were on the lot. The weekend I began to seek God concerning my situation. I reminded God of what He told me to do from the beginning - Wait 40 hours before I go to any car dealership. He reminded me that He had to put people in place, so that His favor would move on their hearts and I would get my heart's desire.

I arose very early on Monday morning, during my normal prayer and worship. I was refreshed and my spirit was lifted. I return to the dealership. Everyone was very polite and apologetic, they offered me coffee, water. Being very accommodating.

As the salesman began to show me what they had on the lot. I was not pleased with anything. I was praying in my heavenly language softly under neath my breath. The salesman had a thought. He had one more car to show me. It was in the front of the dealership parking lot. Immediately when I turned the corner and saw the car. I told him "How did you know that this is my favorite color." He smiled and it was like (Finally, she likes this car). When he open up the door, the interior was awesome. I test drove it. What a smooth ride. I fell in love with the vehicle. It is a 2012 Honda Crosstour - Burgundy. We return to the office to do the paperwork. The Honda was about \$2,000 cheaper than the Toyota Rav4. It made my payments exactly what I asked for. Whew!!! God did it for me.

Everyone in the car dealership was excited for me, and they even did a video of me, a very satisfied customer. One thing that this particular dealership was big on is (Customer Service). The Owner, Sales Manager and Salesman said, they never seen anyone so calm in a situation like this. I told them, it is not me but the glory belongs God.

The moral of this testimony. God did the UNUSUAL. The devil did the unusual also. But God reigns because His UNUSUAL overrode the devil's unusual. Even though the devil's unusual tried to magnify itself. God's UNUSUAL for me was mighty, bigger, stronger. When you have the FAVOR OF GOD upon your life - No devil in hell can stop it. I serve a True and Living God. The Lord, Thy God reigns forever, and ever AMEN.....His promises are Yes and Amen..... Elder Wanda James Saturday, December 5, 2015

## LET'S TESTIFY

by Prophet Renee Franklin

My brother was in ICU for 2.5 weeks with heart, lungs, liver, pancreas and kidneys failing. He was headed to hospice...but GOD. The intercessors prayed! He's not only out of ICU, he will not need dialysis. He is on his way to rehab to strengthen his legs! Our Father showed off on his behalf! ALL Glory to God!

## LET'S LEARN

by Prophetess Carrie Lynch

Psalm 127:1 Except the LORD build the house, they labor in vain that build it: except the LORD keep the city, the watchman waketh but in vain.

This scripture is saying that God is the one who protects a place. The watchman must get instructions from God on how to guard and protect or the work is done in vain. That is why it is so important for the watchman intercessor to have an intimate relationship with God and know his ways. Otherwise, intercession is a function of the flesh. Intercessors are praying but seeing no results.

## LET'S REMEMBER

HEROS OF FAITH  
by Deborah Askew

Kathryn Kuhlman was a pioneer in her day; a woman who believed God for miracles. She believed in the healing power of Jesus and through her faith many sick were healed.

With a passion for Jesus, and a supernatural love towards Him, Kathryn Kuhlman stood out as one of God's greatest generals. She became one of the best-known woman revivalists in America.

*Kathryn would spend eight hours in prayer before each and every service.*

In 1950, a worldwide ministry began to develop and Kathryn's messages were heard all over the United States, Canada, and Europe via radio and her television broadcast; I Believe in Miracles. She manifested the power of the Holy Spirit wherever she went. Her life was a commitment to prayer. Traveling constantly; she prayed continuously. Kathryn lived in constant communion and communication with the Holy Spirit. Oral Roberts reported the intensity of her prayers; he said: "It was like they were talking back and forth to each other; and you couldn't tell where Kathryn started and the Holy Spirit left off. It was a oneness."

One of Kathryn's reported statements during her broadcast: "When you have nothing and you admit you have nothing then it's so easy to look up and say, "Lord Jesus, if you can take nothing use it. Take my hands, take my voice; take my mind; take my body; take my love it's all I have; If you can use it; I give it to you."

Kathryn was one of a handful of ministers after World War II who prophetically reintroduced the Holy Spirit and His gifts to the body of Christ in what has proven to be the greatest revival of all time. Kathryn would spend eight hours in prayer before each and every service. She was a woman devoted to prayer; even though she was better known for the miracles that followed her.

Kathryn believed the greatest miracles transpired in worship as the Holy Spirit moved through the audience. Countless miracles took place, most without any touch or prayer by Kathryn. She would simply walk the stage and call out healings as they took place amongst the crowd. Bill Johnson once said, "Kathryn realized that simply by honoring the Holy Spirit and by being in God's presence; healing could be released."

Kathryn encouraged people to combine their praying with fasting and to express their faith by action. She rarely prayed for individuals at all; instead creating an atmosphere of worship and faith; in which people received healings through the power of the Holy Spirit.

Let us in our prayers and worship have that "oneness" that intimacy with the Holy Spirit.

The prayer of faith will move  
mountains that we can't see ...  
believe in the impossible.
